September 29, 2018
2:00 p.m.

CURE Insurance Arena
Trenton, New Jersey

THOMAS EDISON
STATE UNIVERSITY

A Tradition of Excellence: Thomas Edison State University

Thomas Edison State University provides flexible, high-quality, collegiate learning opportunities for self-directed adults. Cited as “the college that paved the way for flexibility” by *The New York Times* and one of the top 20 colleges and universities in the nation in the use of technology to create learning opportunities for adults by *Forbes* magazine, Thomas Edison State University enables adults to build on their past achievements as a bridge to their future success.

The University offers the highest quality education to adults who have the inspiration, self-discipline and energy to complete a college degree despite the many conflicting demands of career, family and community. Founded in 1972, this world-renowned institution offers associate, bachelor’s, master’s and doctoral degrees in more than 100 areas of study. Thomas Edison State University provides adults from every state in the United States and approximately 68 countries throughout the world with a wide variety of ways to complete a quality degree.

Thomas Edison State University pioneered the awarding of college credit for knowledge obtained in noncollegiate environments through its prior learning assessment (PLA) programs; led in the development of taking college courses at a distance through the use of technology and is one of the nation’s leading providers of worldwide education for the members of the United States military.

The University’s Kelsey Building is recognized as one of the most important visual landmarks of the Trenton, N.J., State House Historic District, which is listed on the National Register of Historic Places. Originally built by Henry Cooper Kelsey, a banker and politician with an appreciation for the arts, the Kelsey Building is a memorial to

his wife, Prudence Townsend Kelsey, who died in 1904. The building was dedicated in 1911 as the School for Industrial Arts. In 1979, when Thomas Edison State University was looking to move from office space it had outgrown in the Forrestal Center outside of Princeton, N.J., the state was looking for an appropriate tenant for the landmark Kelsey Building, while the city sought to preserve the building’s historic use as a school. All three concerns were brought together when state Senate President Joseph P. Merlino persuaded Gov. Brendan T. Byrne that, along with five adjoining townhouses, the Kelsey Building was ideal for Thomas Edison’s expansion.

Although, the vibrancy of the University’s student body is felt across the globe, the physical campus surrounds the state capitol building and the New Jersey State Library, contributing to a dynamic downtown community.

In the true spirit of inspiration and innovation, Thomas Edison State University will continue to reinvent the future of higher education.

The Inauguration of
Thomas Edison State University's
Fourth President
and the
46th *A*nnual
*C*ommencement

William J. Seaton

Provost

Officiating

September 29, 2018

THOMAS EDISON
STATE UNIVERSITY

Order of Ceremony

Processional	“Pomp and Circumstance” by Sir Edward Elgar Lee Millhous, Organist
Opening Remarks	William J. Seaton Provost Thomas Edison State University
Presentation of Colors	Trenton Central High School Junior ROTC
“Star Spangled Banner”	by Francis Scott Key Princeton Pro Musica, Ryan James Brandau, Conductor
Welcome and Introductions	Brian T. Maloney Immediate Past Chair, Board of Trustees Chair, Presidential Search Committee Thomas Edison State University
Keynote Speaker	The Honorable Bonnie Watson Coleman, BA '85
Installation	Brian T. Maloney
Inaugural Address	Merodie A. Hancock, PhD President Thomas Edison State University
Singing of the Alma Mater	Princeton Pro Musica Ryan James Brandau, Conductor

Presentation of Candidates for Degrees

Dean John O. Aje
School of Applied Science and Technology

Dean John Woznicki
Heavin School of Arts and Sciences

Dean Michael Williams
School of Business and Management

Dean Filomela A. Marshall
W. Cary Edwards School of Nursing

Dean Joseph Youngblood II
John S. Watson School of Public Service

Conferring of Degrees

Merodie A. Hancock, PhD

Recessional

Fugue in E-flat Major, "St. Anne" (BWV 522,2)
by J. S. Bach
Lee Millhous, Organist

Everyone is asked to stand during the Processional, the singing of the Alma Mater and the Recessional.

This Commencement Program is intended for unofficial use only. It may not be used for legal purposes or as proof of the University's granting of degree to, or receipt of diploma by, any individual named herein. Contents of this publication reflect information available at, or before, the time of printing.

✿ Arnold Fletcher Award

The Arnold Fletcher Award recognizes Thomas Edison State University bachelor's degree graduates for exceptional achievement in nontraditional learning. Students selected for this award have demonstrated excellence and have earned a large number of credits using one or more of the innovative learning modes recognized by the University.

The award is named in honor of Dr. Arnold Fletcher, vice president for Academic Affairs from 1973 to 1983.

Graduates wearing the gold double honor cords are the Arnold Fletcher Award recipients.

● Alpha Sigma Lambda National Honor Society

Alpha Sigma Lambda National Honor Society was founded in 1945 to recognize adult students in higher education who have achieved academic excellence while fulfilling the many responsibilities of family, work and community services. The Thomas Edison State University Lambda Tau Chapter was established in 1996.

Graduates wearing the garnet and gold honor cords are the Alpha Sigma Lambda Honor recipients.

▼ Delta Mu Delta International Honor Society in Business

The Delta Mu Delta International Honor Society in Business recognizes scholarship and achievement among students in business programs. The creation of Delta Mu Delta follows the tradition of honoring business programs accredited by the Accreditation Council for Business Schools & Programs. The Thomas Edison State University Omicron Nu Chapter was established in 2018 and recognizes qualifying graduates in the Bachelor of Science in Business Administration, Master of Business Administration, Master of Science in Human Resources Management and Master of Science in Management.

Graduates with a symbol of ▼ by their name are the candidates for Delta Mu Delta International Society. Graduate wearing the purple and gold cord are the members.

◆ Kappa Delta Pi International Honor Society

Kappa Delta Pi, the International Honor Society in Education, is an honor society recognizing the academic achievements and professional accomplishments of educators worldwide. Kappa Delta Pi is one of the largest and most prestigious educational honor societies in the world. With more than 500 active chapters, Kappa Delta Pi is dedicated to the ideals of fidelity to humanity, service, science and toil. As part of its goal, Kappa Delta Pi recognizes scholarship and enhances the professional development of its members. The Thomas Edison State University Alpha Zeta Epsilon chapter was established in 2010.

Graduates wearing the violet and jade honor cords are the Kappa Delta Pi Honor recipients.

■ Sigma Beta Delta International Honor Society

The Sigma Beta Delta International Honor Society recognizes scholarship and achievement among students of business, management and administration. The creation of Sigma Beta Delta follows a 200-year tradition of honoring scholastic achievement in higher education. The Thomas Edison State University Chapter was established in 2009 and recognizes qualifying graduates in the Bachelor of Science in Organizational Leadership and Bachelor of Science in Professional Studies programs.

Graduates with a symbol of ■ by their name are the candidates for Sigma Beta Delta International Society. Graduate wearing the green and gold cord are the members.

† Order Of The Sword and Shield

The Order of the Sword and Shield was established in 2010 and is the first academic and professional honor society dedicated exclusively to the disciplines of homeland security, intelligence, emergency management and protective security. The Thomas Edison State University Chapter was established in 2015.

Graduates wearing the gold and blue cords are the Order of the Sword and Shield recipients.

✚ The Honor Society of Nursing, Sigma Theta Tau International

The Honor Society of Nursing, Sigma Theta Tau International was founded in 1922. Its purposes are to recognize superior academic achievement and the development of leadership qualities; to foster high professional standards; to encourage creative work; and to strengthen commitment to the ideals and purposes of the nursing profession. The Upsilon Rho Chapter at Thomas Edison State University was chartered in 2008.

Graduates wearing the purple and white honor cords are the Honor Society of Nursing recipients.

Military/Veteran Honor Stole and/or Cord

Graduates selected to wear the honor stoles and/or red white and blue honor cords are currently serving in the U.S. military or are honorably discharged U.S. veterans. The stoles and cords are not only in recognition of their academic achievement but also acknowledge self-sacrifice and service to our country.

Academic Heraldry: The Symbols of Learning

While the current code concerning the types of academic regalia to be used by colleges in the United States dates from 1959, distinctive academic dress dates from the medieval universities of the eleventh and twelfth centuries. The college or university commencement procession today is a pageant, alive and bright with dress and ceremony derived from the tradition of the oldest universities.

Academic life as we know it today began in the Middle Ages — in Bologna and Paris, Oxford and Cambridge, Edinburgh, Glasgow and Louvain — first in the church, then in the guilds. The teaching guild was the Guild of the Master of Arts, where the bachelor was the apprentice of the master, and the dress was color-coded and patterned according to the academic level and discipline. In the hierarchy of the academic world, the associate's degree is the modern entry point. Its equivalent in the guild of teachers was that of a junior apprentice. Twelfth-century records of Oxford University state this justification for academic dress: "It is honorable and in accordance with reason that clerks to whom God has given an advantage of the lay folk in their adornments within, should likewise differ from the lay folk outwardly in dress."

There are three principal features of academic dress: the gown, the cap and the hood. Their design and heraldry were, from as early as the eleventh and twelfth centuries in the great European universities, the outward sign of the bringing together of students and privileged persons under the same discipline.

To preserve their dignity and meaning, it early became necessary for these universities to set rules for academic dress. American universities agreed on a system in 1895 and set up a suitable code of academic dress for the colleges and universities of the United States. In 1932, and again in 1959, the American Council on Education revised the code that, for the most part, governs the style of academic dress today.

THE GOWN. The flowing gown comes from the twelfth century. Many think it was worn in olden times as protection against the cold of unheated buildings. It has become symbolic of the democracy of scholarship, for it completely covers any dress of rank or social standing. The associate's degree gown is grey. The gown is black for all degrees above the associate's, with pointed sleeves for the bachelor's degree; oblong sleeves for the master's degree; and bell-shaped sleeves for the doctor's degree. For the bachelor's and master's degree, the gown has no trimmings. For the doctor's degree, it is faced down the front with velvet and has three bars of velvet across the sleeves in the color distinctive of the faculty or discipline to which the degree pertains. More recently, the official colors of Thomas Edison State University, burgundy and cream, have been used in the gown and its decorations.

THE CAP. When Roman law freed a slave, he won the privilege of wearing a cap. Thus, the academic cap is a sign of freedom of scholarship and the responsibility and dignity with which scholarship endows the wearer. Old poetry records the cap of scholarship as square to symbolize the book, although some authorities claim that the mortar board is the symbol of the masons, a privileged guild. The color of the tassel on the cap denotes the discipline. The associate's cap is grey. Caps for master's and doctor's degrees are often black, but may appear in other colors, as well, depending on the rest of the regalia.

THE HOOD. Almost all of the students and faculty in the medieval universities were clerics (minor church ecclesiastics) and were tonsured (i.e., had shaved heads), and the hood served to cover the shaved head from the cold of unheated buildings. Eventually, the hood was superseded by the skull cap and evolved into a headdress more or less like those in use today. Heraldically, the hood is an inverted shield with one or more chevrons of a secondary color on the ground of the primary color of the college. The color of the facing of the hood denotes the discipline represented by the degree; the color of the lining of the hood designates the college or university from which the degree was granted.

THE MACE. The mace — a heavy staff or club fashioned entirely of metal with a metal head — was originally a weapon of war. In the sixteenth century, it became a ceremonial standard and a scepter of office. It resembled the original weapon and was carried before officials at ceremonial occasions. A mace is still in use in the British House of Commons, where it lies upon the table before the speaker as a symbol of the authority of the House.

The mace of Thomas Edison State University was designed by the University and was inaugurated as the scepter of office at the October 1990 Commencement ceremony and updated in 2016 to reflect university status. It is a solid maple scepter with a two-sided medallion mounted to the head by a brass collar. There is a brass band on the top, upon which the names of the University's four presidents and their terms are inscribed as follows: James Douglas Brown Jr., 1972-1978; Lorraine Rose Matusak, 1979-1982; George A. Pruitt, 1982-2018 and Merodie A. Hancock, 2018-present. The mace shaft and base are finished in mahogany.

Carried in the procession by the chair of the University Academic Council, the mace symbolizes the authority of the Office of the President.

Merodie A. Hancock

Dr. Merodie A. Hancock currently serves as the fourth president of Thomas Edison State University. She assumed office on March 5, 2018, following an extensive national search.

Dr. Hancock is a nationally recognized leader in the administration and delivery of innovative education programs for adult students. Access, success and completion surmise Dr. Hancock's educational philosophy. Through decades of meaningful interaction with nontraditional learners, she knows empirically that education is the nexus through which one's capability is harnessed for positive personal and professional growth and societal impact. This is why she has dedicated her career to serving a multitude of underrepresented populations including veterans and active-duty military members.

Prior to her election as president of Thomas Edison State University, she served as president of SUNY Empire State College, where she was responsible for the operation of the school's 35 locations throughout New York, worldwide online programs and eight international sites.

Previously, she served as vice president at Central Michigan University Global Campus and held administrative leadership and teaching positions at the University of Maryland University College and Embry-Riddle Aeronautical University.

Dr. Hancock currently serves as a member of the Council of State Representatives and Emerging Technology Task Force for the American Association of State Colleges and Universities and the New Jersey Presidents' Council. She is a member of the board of directors for Choose New Jersey, Greater Trenton, Inc., New Jersey Association of State Colleges and Universities, NJEdge and the MidJersey Chamber of Commerce.

She previously served on the board of the Servicemembers Opportunity Colleges, Inside Track Advisory Board, the Distance Education Commission Advisory Group for the Association of Public and Land-Grant Universities, the National Association of Institutions for Military Education Services (past president), United Way of Isabella County (Michigan), United Way of Greater Capital District (New York) and Special Olympics Michigan. She served active roles at the American Council on Education, Council of College and Military Educators, the League for Innovation and as a member of the National Commission on Online Learning Benchmarking Study.

As an external reviewer for several universities, she has participated in numerous self-studies, reports and evaluation visits for regional accreditors, the Department of Defense, state-approving agencies and specialized accrediting organizations. She speaks widely on topics such as strategic partnerships, pricing models and innovative teaching best practices at professional conferences and meetings.

Dr. Hancock holds a PhD in urban services and education administration from Old Dominion University, an MBA from Claremont Graduate University and a Bachelor of Arts in Economics from Scripps College. Additionally, she holds a certificate from the Institute of Educational Management from Harvard University, a certificate from the University Professional Continuing Education Association Leadership Academy at New York University, a certificate in Process Design and Implementation: Reengineering and Change Management from Michael Hammer and Company, and a certificate in Nonprofit Board Leadership from the Dorothy A. Johnson Center for Philanthropy.

Keynote Speaker

Bonnie Watson Coleman

Bonnie Watson Coleman, a long-time and influential advocate for the people of New Jersey, is currently serving her sophomore term in the United States Congress. Prior to her election as Representative for New Jersey's 12th Congressional District, Watson Coleman served eight consecutive terms in the New Jersey General Assembly.

The daughter of legendary state legislator John S. Watson, Watson Coleman has continued a family legacy of public service fighting for women, economically and socially disadvantaged populations, and other vulnerable groups in our society. Watson Coleman shattered racial and gender barriers to become the first Black woman to serve as Majority Leader of the New Jersey General Assembly, and as the Chair of the New Jersey Democratic State Committee. Her election to the House of Representatives makes her the first Black woman to represent New Jersey in Congress.

Watson Coleman has led the call for reforms to prisoner re-entry programs, fighting tirelessly to shut the revolving door of recidivism for individuals who have returned from incarceration. During her time as Majority Leader, Watson Coleman convened a year-long series of public hearings on the topic while shepherding legislation through the New Jersey Assembly that The New York Times called "a model for the rest of the nation," on prisoner rehabilitation and release.

For her second term, as a member of the 115th Congress, Watson Coleman was selected by her colleagues as the Vice Ranking Member of the House Homeland Security Committee, where she is also Ranking Member on the Subcommittee on Transportation and Protective Security. She also serves on the House Committee on Oversight and Government Reform.

Watson Coleman has championed legislation to protect vulnerable Americans and communities related to gun safety, environmental protection, and long-term unemployment. Watson Coleman is the author of the Healthy MOM Act, which would allow women to enroll in, or change their health coverage if they become pregnant, the End For-Profit Prisons Act, which would prohibit the federal government from contracting with for-profit prison corporations and, the SAFER Pipelines Act that would reform the gas pipeline approval process overseen by the Federal Energy Regulatory Commission.

In 2016, Watson Coleman, alongside two of her colleagues, founded the Congressional Caucus on Black Women and Girls, the first House caucus to study policy issues related to the continued success and accomplishments of that population. Watson Coleman is an active member of the Congressional Black Caucus, the Congressional Progressive Caucus, the Congressional Caucus for Women's Issues, the Congressional LGBT Equality Caucus, and the Congressional Asian Pacific American Caucus.

Watson Coleman graduated from Thomas Edison State College and received honorary doctorate degrees from The College of New Jersey, Rider University and Stockton University. She is a member of Alpha Kappa Alpha Sorority, Inc. and co-chair of the Girl Scouts of America Capitol Hill Honorary Troop.

Watson Coleman and her husband William reside in Ewing Township and are blessed to have three sons; William, Troy, and Jared and three grandchildren; William, Kamryn and Ashanee.

Thomas Edison State University

~ Alma Mater

Hail Our University

Composed by Patrick Valentino

We travel on our journey, begun so long ago; the path we saw before us had turns we did not know. But travel on we had to, through turns and hills and snares; we saw our goal before us, and journeyed ever there. And we say hail our University, a new path has begun.

We travel on along life's way with Thomas Edison.

Some paths go unexpected to places undefined; but in the strangest places it's learning that we find. For all paths lead to knowledge, and knowledge to new ways; our journey drives us onward through all our trav'ling days. And so we hail our University, a new path has begun.

We travel on along life's way with Thomas Edison.

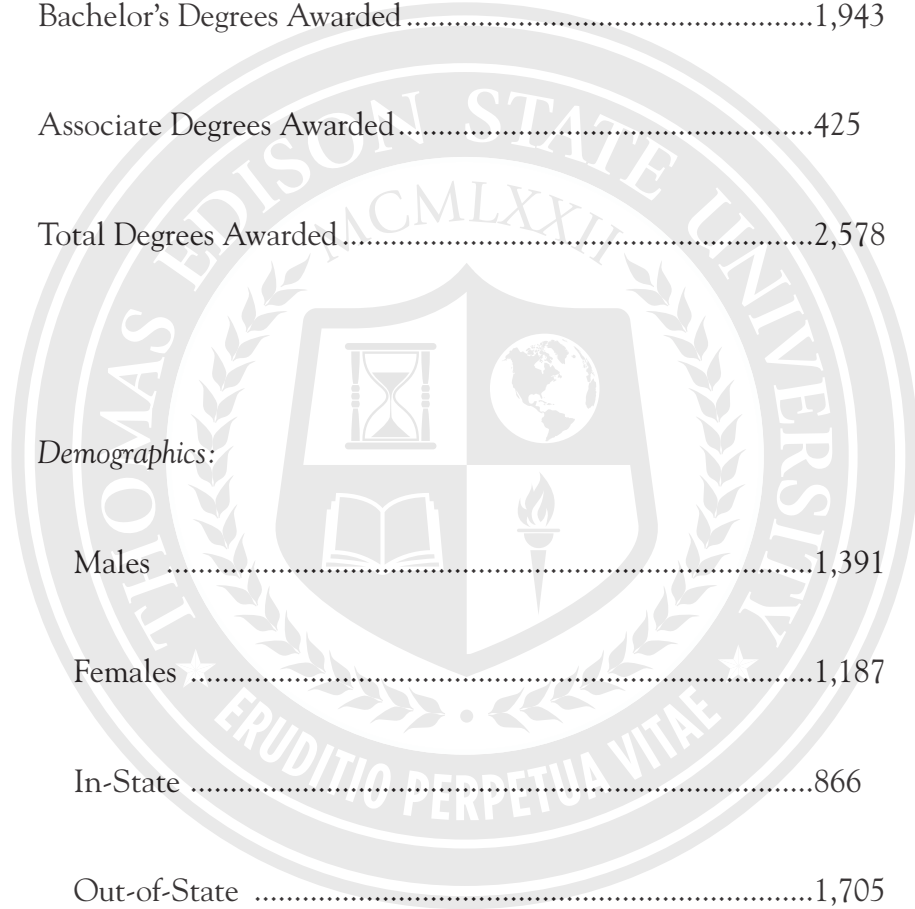

When storm clouds hang before us, and night obscures our trail, we shall not stop nor stumble for knowledge lifts the veil. A light that shines in darkness to lead us on our way, we travel on, and shine as well, beacons for the rest of our days! Hail our University, a new path has begun.

We travel on along life's way with Thomas Edison.

We travel on along life's way with Thomas Edison.

Commencement Quick Facts

Doctoral Degrees Awarded	10
Master's Degrees Awarded	200
Bachelor's Degrees Awarded	1,943
