PRESIDENT'S REPORT:

Dr. Pruitt introduced Richard Hamilton, Vice President of the American Federation of Teacher's Union Local 4277, and welcomed him to the meeting.

With regard to the FY 1990 budget, Dr. Pruitt commented that the college budget was reduced from what had originally been recommended, but the cut is manageable.

Edison's budget cut was about \$158,000. The College has a salary deficit projected at around \$200,000 which will be accommodated by deferring some hiring appointments. He concluded that the budget is lean but should not adversely affect the College.

Continuing his report, Dr. Pruitt stated that as of July 1, 1989 the College implemented its own payroll system and that lengthy and detailed preparation made the transition very smooth.

The satellite dish has been installed and is working. Part of the project was funded by private contributions. The College anticipates extensive use of this facility for expanded educational program access and conferencing.

Dr. Pruitt announced that a Search Advisory Committee had been appointed to review applications for Vice President for Public Affairs. Gerri Collins, Executive Assistant to the President, chairs the committee which includes David Puddington, Director of Development; Idalie Munoz, Director of Communications and College Relations; Samone Jolly, Coordinator of Liberal Arts degrees; and Philip Sanders, Bursar. The committee screened 160 applications and has reduced the pool to 18 for further consideration. Resumes for this pool are available for Board Review.

In other announcements, he indicated that Guided Study enrollment is at 608 and that student revenues are above target.

With regard to space, he stated that the luncheon following the meeting is to honor three people who have contributed significantly to securing college facilities. Mayor Arthur Holland was instrumental in assuring Edison's move into the Kelsey Building in Trenton in 1979 and has been an ardent supporter of the College. Treasurer Feather O'Connor has been instrumental in securing the Kelsey Building extension and renovations financing. Jean Bogle, former Counsel to Governor Kean, was an advocate of the College in many forms and forums, and was especially supportive with a variety of initiatives taken with the Legislature and the Governor's Office that contributed to increased state support.

Although the \$6 million extension and renovation project has been affected by the state budget crisis, the project is still being reviewed as part of the College's necessary expansion program.

Dr. Pruitt then asked Michael Scheiring to present a summary of FY 1989 financial results.

He reported that the budgeted nonappropriated revenue target for FY 1989 was \$1,898,551. Receipts totaled \$2,306,500, or 122%, with student revenues at 113%.

The Center for Corporate and Public Partnerships was budgeted at \$60,000. It generated \$31,200 in revenues and \$22,800 in receivables.

Applications realized 110% of budget target; first year tuition realized 100% of target; subsequent year tuition realized 110%; TECEP examinations realized 122%; and Guided Study realized 209% of budget target.

Portfolio per credit fees generated only 45% of its target, but portfolio applications realized 100% of its target. Transcript evaluation fees were at 97% of target.

He concluded his remarks indicating that the College ended FY 1989 achieving excellent revenue results.

Dr. Pruitt interrupted his report for the installation of Thomas van Arsdale who was able to join the meeting.

Thomas Seessel administered the oath of office, and Thomas van Arsdale was duly sworn-in in accordance with state law.

Continuing his report, Dr. Pruitt asked Thomas Streckewald to summarize his report on student demographics and on Outcomes Assessment as illustrated in the Annual Report.

He indicated that males constitute 58.1% of the student body; 66.4% of all students are New Jersey residents; and 11.6% are Black or Hispanic. Current enrollment is 7,202.

The Outcomes Assessment project remains on schedule with the first phase of the Gallup survey completed. Results of the survey are illustrated in the Annual Report Appendix and will be the basis for analysis of student empowerment issues in FY 1990.

Dr. Pruitt added that interpretation of the survey data will help in preparing future publications to assist students in using the College and its services.

Patricia Danielson moved and Rita Novitt seconded a motion to accept the President's report. Motion carried (10-0).

RESOLVED: That the Finance Committee of the Board shall be directed to report its findings and conclusions to the full Board at the next meeting of the Board of Trustees.

George Hanford moved and Rita Novitt seconded a motion to adopt the resolution.

Dr. Pruitt stated that the Department of Higher Education and the Office of Management Budget want the report by November 1 necessitating this intermediate action. The Finance Committee will review the report before November 1 and report back to the full Board in December.

He then introduced Wayne Frankenfield and Paul Merrill representing Peat, Marwick and Main, the external auditors. In response to a question regarding the term "full scope audit," Wayne Frankenfield indicated that it means that all books and records are open to the auditors.

Question was called on the motion. Motion carried (10-0).
