Dear Jon:

Thank you for the opportunity of meeting with you and Dick Pearson on November 13th. Both Al Lierheimer and I appreciated the candid and open discussion of the problems faced by Edison College and the Regents External Degree Program.

I have today informed Chancellor Dungan of our decision to terminate the interstate relationship indefinitely. A copy of my letter to him is enclosed.

Let's stay in touch so that when conditions warrant reconsideration of this decision, we will have a chance to talk again.

Sincerely,

T. Edward Hollander
