### R E S O L U T I O N

RESOLVED: That all candidates for the Bachelor of Arts degree who enroll after July 1, 1975, must present a minimum of 36 semester hours in the liberal arts at Level II, of which 18 must be in the chosen area of concentration. The definitions for Levels I and II are:

Level I: that knowledge and/or competency in a given discipline considered to be the foundation for further development in the discipline, usually covered by a one or two semester course yielding up to 6 semester hours (8 in the case of a science with laboratory). Such terms as "basic," "introductory," "general," or "survey" tend to be identified with course titles or examinations at this level.

Level II: that knowledge and/or competency beyond the foundation level which is developed either sequentially or expansively depending on the nature of the discipline and which emphasizes more advanced skills, more complex knowledge or concepts, critical and interpretive thinking, and/or integration with other disciplines. Terms such as "intermediate," "advanced," or "upper division" are commonly applied to such courses or examinations.
