A Tradition of Excellence: Thomas Edison State University

Thomas Edison State University provides distinctive undergraduate and graduate education for self-directed adults through flexible, high-quality collegiate learning and assessment opportunities. Cited as “the college that paved the way for flexibility” by *The New York Times* and one of the top 20 colleges and universities in the nation in the use of technology to create learning opportunities for adults by *Forbes* magazine, Thomas Edison State University enables adults to build on their past achievements as a bridge to their future success.

The University offers the highest quality education to adults who have the inspiration, self-discipline and energy to complete a college degree despite the many conflicting demands of career, family and community. Founded in 1972, this world-renowned institution offers associate, bachelor’s, master’s and doctoral degrees in more than 100 areas of study. Thomas Edison State University provides adults from every state in the United States and approximately 60 countries throughout the world with a wide variety of ways to complete a quality degree.

Thomas Edison State University pioneered the awarding of college credit for knowledge obtained in noncollegiate environments through its prior learning assessment (PLA) programs, led in the development of taking college courses at a distance through the use of technology and is one of the nation’s leading providers of worldwide education for the members of the United States military.

The University’s Kelsey Building is recognized as one of the most important visual landmarks of the Trenton, N.J., State House Historic District, which is listed on the National Register of Historic Places. Originally built by Henry Cooper Kelsey, a banker and politician with an appreciation for the arts, the Kelsey Building is a memorial to his wife, Prudence Townsend Kelsey, who died in 1904. The building was dedicated in 1911 as the School for Industrial Arts. In 1979, when Thomas Edison State University was looking to move from office space it had outgrown in the Forrestal Center outside of Princeton, N.J., the state was looking for an appropriate tenant for the landmark Kelsey Building, while the city sought to preserve the building’s historic use as a school. All three concerns were brought together when state Senate President Joseph P. Merlino persuaded Gov. Brendan T. Byrne that, along with five adjoining townhouses, the Kelsey Building was ideal for Thomas Edison’s expansion.

Although, the vibrancy of the University’s student body is felt across the globe, the physical campus surrounds the state capitol building and the New Jersey State Library, contributing to a dynamic downtown community.

In the true spirit of inspiration and innovation, Thomas Edison State University will continue to reinvent the future of higher education.

Honors and Accolades

○ President's Award

The President's Award recognizes Thomas Edison State University undergraduate and master's-level students who have displayed and maintained exceptional academic success during their degree journey. The award was established in 2020 to acknowledge the University's highest achieving learners.

Graduates wearing a white tassel on their cap and receiving a medallion with a white ribbon are President's Award recipients.

* Arnold Fletcher Award

The Arnold Fletcher Award recognizes Thomas Edison State University bachelor's degree graduates for exceptional achievement in nontraditional learning. Students selected for this award have demonstrated excellence and have earned a large number of credits using one or more of the innovative learning modes recognized by the University.

The award is named in honor of Dr. Arnold Fletcher, vice president for Academic Affairs from 1973 to 1983.

Graduates wearing the gold double honor cords are the Arnold Fletcher Award recipients.

● Alpha Sigma Lambda National Honor Society

Alpha Sigma Lambda National Honor Society was founded in 1945 to recognize adult students in higher education who have achieved academic excellence while fulfilling the many responsibilities of family, work and community services. The Thomas Edison State University Lambda Tau chapter was established in 1996.

Graduates wearing the garnet and gold honor cords are the Alpha Sigma Lambda Honor recipients.

❖ Delta Mu Delta International Honor Society in Business

The Delta Mu Delta International Honor Society in Business recognizes scholarship and achievement among students in business programs. The creation of Delta Mu Delta follows the tradition of honoring business programs accredited by the Accreditation Council for Business Schools and Programs. The Thomas Edison State University Omicron Nu chapter was established in 2018 and recognizes qualifying graduates in the Bachelor of Science in Business Administration, Master of Business Administration, Master of Science in Human Resources Management and Master of Science in Management programs.

Graduates with a symbol of ❖ by their name are the candidates for Delta Mu Delta International Society.

Graduates wearing the purple and gold cord are the members.

■ Kappa Delta Pi International Honor Society

Kappa Delta Pi, the International Honor Society in Education, is an honor society recognizing the academic achievements and professional accomplishments of educators worldwide. Kappa Delta Pi is one of the largest and most prestigious educational honor societies in the world. With more than 500 active chapters, Kappa Delta Pi is dedicated to the ideals of fidelity to humanity, service, science and toil. As part of its goal, Kappa Delta Pi recognizes scholarship and enhances the professional development of its members. The Thomas Edison State University Alpha Zeta Epsilon chapter was established in 2010.

Graduates wearing the violet, jade and gold honor cords are the Kappa Delta Pi Honor recipients.

RSP Regina Sanchez-Porter Award

This award is in honor and memory of Regina Sanchez-Porter, PhD, RN, and is given annually to a BSN graduate of the W. Cary Edwards School of Nursing and Health Professions who has provided outstanding service to the profession and community, combined with high academic achievement. An individual plaque is presented and the recipient's name will be placed on a perpetual plaque in the Edwards School of Nursing.

◆ Sigma Beta Delta International Honor Society

The Sigma Beta Delta International Honor Society recognizes scholarship and achievement among students of business, management and administration. The creation of Sigma Beta Delta follows a 200-year tradition of honoring scholastic achievement in higher education. The Thomas Edison State University chapter was established in 2009 and recognizes qualifying graduates in the Bachelor of Science in Organizational Leadership, Bachelor of Science in Professional Studies, Master of Science in Accounting and Master of Science in Healthcare Management programs.

Graduates with a symbol of ◆ by their name are the candidates for Sigma Beta Delta International Society.

Graduates wearing the green and gold cord are the members.

□ Order of the Sword and Shield

The Order of the Sword and Shield was established in 2010 and is the first academic and professional honor society dedicated exclusively to the disciplines of homeland security, intelligence, emergency management and protective security. The Thomas Edison State University chapter was established in 2015.

Graduates wearing the blue and gold cords are the Order of the Sword and Shield recipients.

✚ The Honor Society of Nursing, Sigma Theta Tau International

The Honor Society of Nursing, Sigma Theta Tau International was founded in 1922. Its purposes are to recognize superior academic achievement and the development of leadership qualities; to foster high professional standards; to encourage creative work; and to strengthen commitment to the ideals and purposes of the nursing profession. The Upsilon Rho chapter at Thomas Edison State University was chartered in 2008.

Graduates with a symbol of ✚ by their name are the candidates for Sigma Theta Tau International Society.

Graduates wearing the purple and white honor cords are the Honor Society of Nursing recipients.

Military/Veteran Honor Stole and/or Cord

Graduates selected to wear the honor stoles and/or red white and blue honor cords are currently serving in the U.S. military or are honorably discharged U.S. veterans. The stoles and cords are not only in recognition of their academic achievement but also acknowledge self-sacrifice and service to our country.

Philanthropy Cords Support TESU

Thomas Edison State University alumni have a long history of giving back and helping future alumni achieve their own dreams of continuing their education. The green TESU Philanthropy Cord recognizes the generosity and spirit of giving in graduates as they join to support future students. All donations support the TESU Scholarship Fund. By proudly displaying this cord, graduates demonstrate their commitment to building a stronger TESU and in their belief in the power of paying it forward for future Thomas Edison State University alumni.

Academic Heraldry: The Symbols of Learning

While the current code concerning the types of academic regalia to be used by colleges in the United States dates from 1959, distinctive academic dress dates from the medieval universities of the eleventh and twelfth centuries. The college or university commencement procession today is a pageant, alive and bright with dress and ceremony derived from the tradition of the oldest universities.

Academic life as we know it today began in the Middle Ages — in Bologna and Paris, Oxford and Cambridge, Edinburgh, Glasgow and Louvain — first in the church, then in the guilds. The teaching guild was the Guild of the Master of Arts, where the bachelor was the apprentice of the master, and the dress was color-coded and patterned according to the academic level and discipline. In the hierarchy of the academic world, the associate degree is the modern entry point. Its equivalent in the guild of teachers was that of a junior apprentice. Twelfth-century records of Oxford University state this justification for academic dress: “It is honorable and in accordance with reason that clerks to whom God has given an advantage of the lay folk in their adornments within, should likewise differ from the lay folk outwardly in dress.”

There are three principal features of academic dress: the gown, the cap and the hood. Their design and heraldry were, from as early as the eleventh and twelfth centuries in the great European universities, the outward sign of the bringing together of students and privileged persons under the same discipline.

To preserve their dignity and meaning, it early became necessary for these universities to set rules for academic dress. American universities agreed on a system in 1895 and set up a suitable code of academic dress for the colleges and universities of the United States. In 1932, and again in 1959, the American Council on Education revised the code that, for the most part, governs the style of academic dress today.

THE GOWN. The flowing gown comes from the twelfth century. Many think it was worn in olden times as protection against the cold of unheated buildings. It has become symbolic of the democracy of scholarship, for it completely covers any dress of rank or social standing. At Thomas Edison State University, the associate degree gown is burgundy. The gown is black for all degrees above the associate, with pointed sleeves for the bachelor’s degree; oblong sleeves for the master’s degree; and bell-shaped sleeves for the doctor’s degree. For the bachelor’s and master’s degree, the gown has no trimmings. For the doctor’s degree, it is faced down the front with velvet and has three bars of velvet across the sleeves in the color distinctive of the faculty or discipline to which the degree pertains.

THE CAP. When Roman law freed a slave, he won the privilege of wearing a cap. Thus, the academic cap is a sign of freedom of scholarship and the responsibility and dignity with which scholarship endows the wearer. Old poetry records the cap of scholarship as square to symbolize the book, although some authorities claim that the mortar board is the symbol of the masons, a privileged guild. The color of the tassel on the cap is black or burgundy. The associate cap is burgundy. Caps for master's and doctor's degrees are often black, but may appear in other colors, as well, depending on the rest of the regalia.

THE HOOD. Almost all of the students and faculty in the medieval universities were clerics (minor church ecclesiastics) and were tonsured (i.e., had shaved heads), and the hood served to cover the shaved head from the cold of unheated buildings. Eventually, the hood was superseded by the skull cap and evolved into a headdress more or less like those in use today. Heraldically, the hood is an inverted shield with one or more chevrons of a secondary color on the ground of the primary color of the college. The color of the facing of the hood denotes the discipline represented by the degree; the color of the lining of the hood designates the college or university from which the degree was granted.

THE MACE. The mace — a heavy staff or club fashioned entirely of metal with a metal head — was originally a weapon of war. In the sixteenth century, it became a ceremonial standard and a scepter of office. It resembled the original weapon and was carried before officials at ceremonial occasions. A mace is still in use in the British House of Commons, where it lies upon the table before the speaker as a symbol of the authority of the House.

The mace of Thomas Edison State University was designed by the University and was inaugurated as the scepter of office at the October 1990 Commencement ceremony and updated in 2016 to reflect university status. It is a solid maple scepter with a two-sided medallion mounted to the head by a brass collar. There is a brass band on the top, upon which the names of the University's four presidents and their terms are inscribed as follows: James Douglas Brown Jr., 1972-1978; Lorraine Rose Matusak, 1979-1982; George A. Pruitt, 1982-2018; and Merodie A. Hancock, 2018-present. The mace shaft and base are finished in mahogany.

Carried in the procession by the president of the University Academic Council, the mace symbolizes the authority of the Office of the President.

National Anthem

Lauren Hart, BA '96

Lauren Hart is a Philadelphia based singer/songwriter and composer who completed her Bachelor of Arts degree in Music in 1996 at what was then Thomas Edison State College. Her voice and songs have been heard in film and television series, and her critically acclaimed National Anthem is featured in the Disney film *Miracle*. Hart also sings the anthem before every Philadelphia Flyers home game, a tribute to her late father, legendary National Hockey League Hall of Fame announcer Gene Hart, known for 30 years as “The Voice of the Flyers.”

She released her eighth album, *Lovelight*, in 2022 and she has performed on the CBS Morning Show as well as NBC, ABC and Fox’s national broadcasts. During her career she has opened for artists Fiona Apple, Tori Amos, Train and 10,000 Maniacs.

She ventured into the world of composing for film and television scoring the documentary *Race to the Bottom of the Earth*, and it went on to win the Los Angeles film festival. She has since written original music for documentaries focused on social justice and politics. In 2012 she became composer for the Travel Channel’s travelogue series *Dangerous Grounds*.

Hart has taken her inspirational story of being a cancer survivor around the world. She is an activist and her passion for music is matched only by her passion for social change and justice, supporting Moms Demand Action, Everytown, International Justice Mission, World Wildlife Fund and the Gene Hart Memorial Fund where she helps oversee college scholarships and contributions to cancer research and patients.

Hart recently served as Philadelphia chapter president of The Recording Academy (Grammy Awards) and has been on the board for many years. She also sits on the board of the Philadelphia Orchestra. She was named Humanitarian of the Year by the Friends of the American Cancer Society in 2010.

On Behalf of Graduates

Erin Rybicki, DBA '22

Dr. Erin Rybicki is an innovator and multitasker by nature, so it comes as no surprise that she is also a proud member of TESU’s inaugural Doctor of Business Administration (DBA) graduating cohort. When she enrolled in the program, she was already a college educator, lawyer and author of scholarly publications. Nonetheless, she views her newly minted DBA degree as a “natural progression.”

The mother of two currently serves as an associate professor and coordinator for Mercer County Community College’s (MCCC) legal studies, paralegal studies and business programs. When not working with students, she serves as a legal ethics textbook author for Cengage Publishing. Rybicki earned her BA in political science from Rowan University; her Master of Education in Educational Foundations from Widener University; and her Juris Doctorate (JD) from Widener University Delaware Law School, before enrolling in TESU’s flagship DBA program in December 2019.

She also serves as a part-time associate professor for graduate business and undergraduate legal studies programs at Peirce College, Philadelphia, Pa. She was a practicing attorney in southern New Jersey before moving into academia full time.

On Behalf of Alumni

Elizabeth “Bette” Ewing, AA ’73

As Thomas Edison State University celebrates its 50th Anniversary, it is only fitting that our first-ever graduate, Elizabeth ‘Bette’ Ewing delivers the Address on Behalf of Alumni.

On June 15, 1973, by virtue of her last name at the time, Elizabeth ‘Barry’ was the first student to cross the stage during the Edison College (as we were known then) ceremony at the New Jersey State Museum, ahead of 69 fellow grads who had assembled in alphabetical order for the event.

Not only is Ewing the University’s very first alumna, but she is also a proud supporter who believes that giving back to the University helps to continue to open doors for thousands of students who may otherwise not have the opportunity. Today, Ewing resides in Marlton, N.J., with her husband

While much has changed in the last 50 years – TESU remains grateful for alumni like Ewing, who believe that education has the power to transform lives. The more than 65,000 alumni are a testament to the University’s story, and the institution is proud that they are part of this legacy.

Ewing will be introduced by Meg Frantz, who serves as the director of Alumni Engagement at Thomas Edison State University and is a member of the board of trustees at Susquehanna University where she earned her undergraduate degree in communications/theatre arts in 1996. Frantz received her Master of Public Service Leadership degree from Thomas Edison State University in 2020.

Honorary Degree Recipient

Shirley K. Turner, N.J. State Senator

New Jersey State Senator Shirley K. Turner (D-15) assumed office in 1998. She served in the State Assembly from 1994 to 1998 and is a former Mercer County Commissioner. A trailblazer in the legislature, she became the first woman and first black senate president pro tempore from 2004-2009.

She is vice chair of the Senate Education Committee and a member of the Senate State Government and Senate Economic Growth Committees.

Her initiatives have encompassed civil rights, access to higher education, women’s rights, and criminal justice. She created the law to prevent public jobs from being outsourced overseas, created a state-funded affordable housing voucher program, led the initiative to eliminate the death penalty, and fought for police reforms, including ending racial profiling and requiring use of police body cameras. She has improved healthcare for women by requiring minimum hospital stays for mastectomies and childbirth and removing barriers to contraceptives. A career educator, she has sponsored numerous laws to improve education, including requiring civics education, improving nutrition of school meals, and providing school breakfast. Her initiative to improve literacy has distributed more than 30,000 books to Trenton students.

Retired from Rider University after a 44-year tenure, Senator Turner received a bachelor’s degree in education from Trenton State College and a master’s degree in guidance and counseling from Rider University. She completed doctoral credits in education at Rutgers University.

She and her husband, Donald, have a daughter, a son, and five grandchildren.

Thomas Edison State University

~ Alma Mater

Hail Our University

Composed by Patrick Valentino

We *travel on our journey, begun so long ago; the path we saw before us had turns we did not know. But travel on we had to, through turns and hills and snares; we saw our goal before us, and journeyed ever there. And we say hail our University, a new path has begun.*

We travel on along life's way with Thomas Edison.

Some paths go unexpected to places undefined; but in the strangest places it's learning that we find. For all paths lead to knowledge, and knowledge to new ways; our journey drives us onward through all our trav'ling days. And so we hail our University, a new path has begun.

We travel on along life's way with Thomas Edison.

When storm clouds hang before us, and night obscures our trail, we shall not stop nor stumble for knowledge lifts the veil. A light that shines in darkness to lead us on our way, we travel on, and shine as well, beacons for the rest of our days! Hail our University, a new path has begun.

We travel on along life's way with Thomas Edison.

We travel on along life's way with Thomas Edison.
