WHERE TO?

The end of the academic year represents another milestone in your life. To those of you who will graduate in June, it represents a multi-pronged fork in the road of life. Will it be a continuation of your studies at a senior college? Will it be employment in your chosen field? Or, for the male members of the graduating class, will it be military service?

You, as college students, are members of a select group of our national population. Your contribution to the nation will be considerably enhanced if you continue your education as long as it is possible for you to do so. The nature of your contribution will be, I trust, of your choosing--but the quality and quantity will be governed largely by your academic background. Do everything possible to develop it to the fullest.

Good wishes,

Henry J. Parsons

FACULTY
ADMINISTRATION

Henry J. Parcinski

School of Industrial Arts; Rensselaer Polytechnic Institute, E. E.; Columbia University, M. A.; Graduate study, Moore School, University of Pennsylvania; Visiting Professor at Princeton University during World War II; Formerly Head of Engineering Department at T.J.C.; Became President of College--1948.

Heber Donohoe

Montana State College, B. S.; State College of Washington, M. S.; Graduate study, University of Illinois; University of Minnesota, Ph. D.; Fellow in Entomology, State College of Washington; Assistant in Entomology, University of Illinois; Instructor in Biology, School of Agriculture, University of Minnesota; Control Investigation, U. S. Dept. of Agriculture; Consultant in Entomology. Instructor of Biological Sciences at T. J. C.; Became Head of Life Science Department, 1951.

Richard Lippold

Chicago Art Institute, B. F. A.; Graduate work at University of Michigan; Instructed at Layton School of Art, Milwaukee; University of Michigan; Goddard College, Vermont; Queens College, New York; Instructor in Advertising, Drawing and Painting at T. J. C.; appointed Head of the Art Department--1948.

ACTIVITIES

STUDENT COUNCIL

Constitution Revision Committee

The Student Council consists of seven members selected by the Student Association. It has the authority to consider and act on any extra-curricular matter affecting students of the college.

This year the council organized the Social Committee, and through it managed the Christmas, Valentine, and Spring Dances. The council also aided in the rewriting of the T. J. C. Student Constitution.

GLEE CLUB

Under the direction of Arthur Sypek, the Glee Club was started two years ago. Meeting twice a week, the club prepares religious and popular pieces to be presented at school assemblies and community programs. The schedule for the year included the following:

Thanksgiving Program
Christmas Program
Easter Program
Baccalaureate Service
Graduation Exercises
New Jersey State Junior College
Conference
T. J. C. 's Basketball Victory Banquet

PHILOSOPHY CLUB

BIOLOGY CLUB

DRAMA CLUB

The Drama Club, which meets every Tuesday and Wednesday evening, is made up of students who have interests in Radio Dramatics. Many varieties of material, most of which is written by its members, is tape recorded for later criticism.

The main purpose of the club is to familiarize its members in the techniques of Radio Dramatics, timing, and script reading.

The Philosophy Club, organized three years ago under the direction of Mr. Dorlon, meets informally every week. The purpose of the club is to give students the opportunity to participate in panel forums, research and lectures as well as free discussion on philosophical subjects.

President, 1950-51----Jane Tunison
President, 1951-52----Charles Mallet

The Biology Club, through weekly meetings, functions chiefly as a seminar or forum group. Club members and occasional guest speakers highlight both functional and current discoveries in the general field of biology, opportunities in the biological professions, and other related topics. George Tunnicliffe is student president and Dr. Donohoe faculty advisor.

Volunteer Dishwasher

Doris Butler, Student Manager

T. J. C.'s Cafeteria was taken over completely by the students this year with the purpose of raising money for the yearbook. The project proved to be very popular with both students and faculty. A great part of its success was due to the work of Doris Butler, student manager, who gave up many hours to select and prepare the food to be served. Credit goes also to her staff, Gwen Sampson, Kathy Schwoebel, Jean Kahny and Charles Cahill, who along with the many volunteers kept it running smoothly.

Hats off to the students who helped in making our cafeteria a real success! We hope that it will continue to function in future years.

BASKETBALL

T. J. C.'s 1950-51 season of Basketball, coached by Tom Murphy, was a great improvement over its first year in the N. J. J. C. C. The Sophomore players, aided by freshmen who entered at mid-term, ran the total to 5 wins and 11 losses.

1951-52 season was the climax of three years of work. Veteran players and freshmen combined their abilities to bring a record of 19 wins and 3 losses to the school and with it the State Championship.

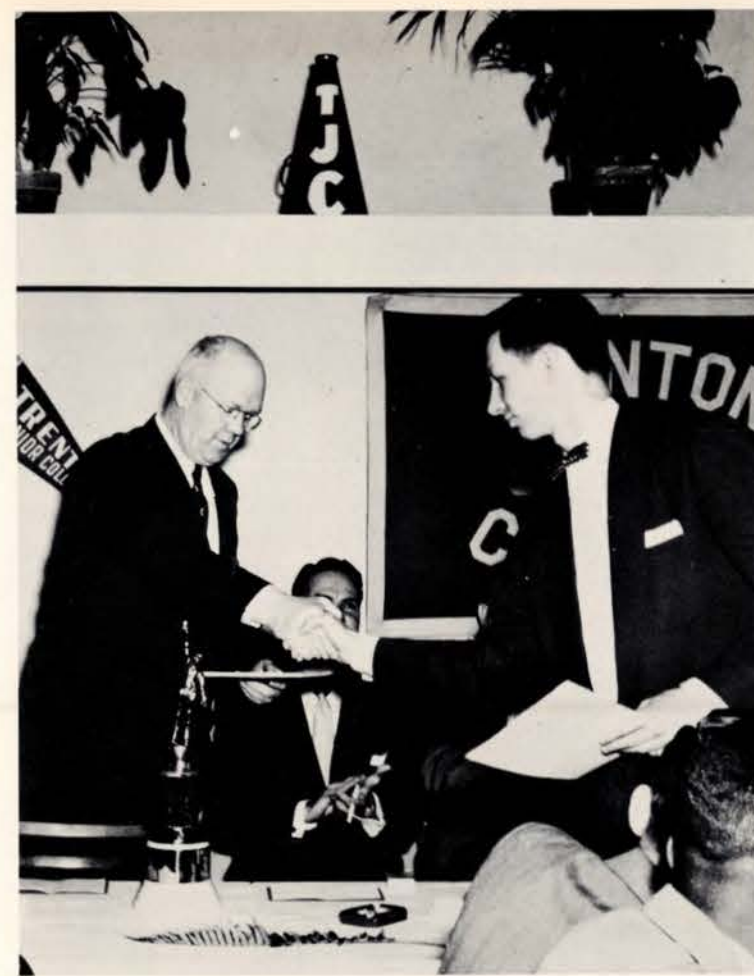

Congratulations Boys!

LETTER FROM THE EDITOR

I, personally, would like to thank the Yearbook staff, especially those who gave up part of their Easter vacation for the actual preparation of the book.

We shall not overlook Doris Butler, her Cafeteria staff and the volunteer dishwashers, whose daily work helped finance the book.

The staff is deeply appreciative of the faculty, whose criticism was invaluable. Special recognition is due to the following: Mr. White and Mr. Lippold with layout and design; Mrs. Hyatt and Mr. Dorlon with literary format, and Mr. Dunphy with photography.

We express our gratitude also to the Administration, whose words of encouragement were a great help when the going seemed toughest. Mr. Parcinski, who has always supported student-motivated activities, has been a perpetual source of inspiration and guidance.

Special thanks are due to Sheridan Madole, former T.J.C. student now attending Trenton State Teachers College, whose help with the Basketball photography is greatly appreciated.

And last, but not least, thanks to Ray Weihaus. Although insurmountable financial difficulties made it impossible to publish a Yearbook in 1951, the tireless energy of Ray spent in the interest of that publication was an inspiration to this year's staff. In a certain sense this book is a fulfillment of Ray's dream.

Thanks!

Stephen Gross

We are deeply indebted to the International Business Machines Corporation, 106 West State Street, for the use of an Executive Electric Typewriter. The use of the machine enabled us to do our own type, which was a great financial asset to the production of the Yearbook.
